

Akfen Holding A.Ş.

14.05.2013

Please kindly find below Akfen Holding's announcement regarding the tender of Terminal 5 in Riyadh King Khaled Airport:

Our company's jointly managed indirect participation TAV Tepe-Akfen Yatirim Insaat ve Isletme A.S. ("TAV Construction") has won the tender for the design and construction of the Terminal 5 in King Khaled Airport, in Riyadh, Saudi Arabia.

The contract value of the tender won by TAV Construction is around US\$400mn. It is planned to be finalised within 18 months. The project will consist of a terminal building with a total area of 100,000 sqm, and some additional facilities. The project is comprised of a multi-story carpark with a capacity of 3,000 cars and a total area of 90,000 sqm and a fire brigade building, operations center, energy power plant, apron and airside infrastructure and roads to connect Terminal 5 to the existing terminals as well as infrastructure works.

We hereby state that the above clarifications are in compliance with the principles set forth in the Decree No 54 Series No VIII of the Capital Market Board, that it fully reflects the information we have received in this respect, that the information is compliant with the books, records and our documents, that we have accomplished our best in order to obtain the accurate and correct information, and that we are responsible for this clarification hereby.
