Primary Human Resources Policy

Our Primary Human Resources policy is to select, develop, evaluate and manage the human resources according to the contemporary criteria and with the principle of equal opportunity for all by bringing together the requirements of the job and the skills and competencies of the employees.

The Human Resources Management Department is obliged to support increasing the performance of the employees by creating a dynamic, hospitable and innovative environment, reducing the corporate goals to individual goals, and thus achieving the Company's goals in an effective and efficient manner.

Our employee profile is a human resource who is open to change and improvement, has high motivation for success, believes in team work and team spirit, uses his/her resources and time properly and also has high sensitivity for social responsibility.
